Dear Syed:

The application for the "Frequency" team from the International Institute of Information Technology has been accepted for the Student CanSat Competition, June 7-9, 2013 in Abilene and Burkett, Texas, USA. This letter serves as the official invitation for the following team members to participate in this competition by completing the required design reviews and building a CanSat payload for launch in Texas.

Team Members – Frequency

- Syed Tabish Abbas
- Rakesh N R
- Rahul Gupta
- Siddharth Singh
- Jaswanth Reddy
- Gauresh Patil
- Shashank Lekhraj
- Priya Bansal
- Akshat Khandelwal

This letter is not a commitment on the part of the American Astronautical Society to provide any financial support. You will be receiving more information on lodging arrangements and program details soon. We look forward to your team meeting all the competition requirements and hope to see you in Texas. Please contact me if you have any questions.

Sincerely,

James R. Kirkpatrick
Executive Director
